Ontario is a Canadian province with a diverse range of habitats, from the Great Lakes to the boreal forest. This makes it a great place to go birding, with over 500 species of birds recorded in the province. In this article, we will explore some of the best places to go birding in Ontario.

## Point Pelee National Park

Point Pelee National Park is located in the southernmost point of Canada, on the shores of Lake Erie. It is a popular birding destination due to its diverse habitats, which include forests, marshes, and beaches. Over 360 species of birds have been recorded in the park, including many warblers, vireos, and flycatchers during the spring and fall migrations. Point Pelee is also a great place to see waterfowl and raptors.

## **Long Point Provincial Park**

Long Point Provincial Park is located on the north shore of Lake Erie, about 40 kilometers west of Port Rowan. It is a long, narrow peninsula that is known for its excellent birding. Over 300 species of birds have been recorded in the park, including many warblers, vireos, and flycatchers during the spring and fall migrations. Long Point is also a great place to see waterfowl and raptors.
