

England to New Zealand the Hard Way: A Long, Challenging, and Rewarding Journey

In 2019, I set out on a journey from England to New Zealand the hard way. I cycled, sailed, hiked, kayaked, and camped my way across the globe, covering over 10,000 miles in total. It was a long, challenging, and rewarding experience, and I'm so glad I did it.

The Planning

The planning for this trip took several months. I had to figure out my route, book my flights and ferries, and pack for all types of weather and terrain. I also had to get in shape for the physical challenges that lay ahead.

I decided to cycle from England to France, then sail across the Atlantic Ocean to the Caribbean. From there, I would cycle through Central and South America, before finally sailing across the Pacific Ocean to New Zealand.

The Journey

The journey itself was an incredible experience. I saw some of the most beautiful places on earth, and I met some amazing people along the way. I also faced some challenges, but I always managed to overcome them.

One of the most challenging parts of the trip was cycling through the Andes Mountains in South America. The altitude was high, the roads were steep, and the weather was unpredictable. But I persevered, and I eventually made it to the other side.

Another challenging part of the trip was sailing across the Pacific Ocean. The crossing took over two months, and I was often alone on the boat. But I enjoyed the solitude, and I was grateful for the opportunity to experience the vastness of the ocean.

The Arrival

After over a year of travel, I finally arrived in New Zealand. It was an emotional moment, and I was so proud of everything I had accomplished.

I spent several months exploring New Zealand, and I fell in love with the country. The people are friendly, the scenery is stunning, and the culture is welcoming.

The Return

After six months in New Zealand, it was time to return home. I flew back to England, but I will never forget the incredible journey I had.

The England to New Zealand the Hard Way challenge was one of the most difficult things I have ever done. But it was also one of the most rewarding.

If you are looking for a challenge, I encourage you to give it a try. It will change your life in ways you never imagined.
