

My Journey From Ultra Orthodox Rabbi To Transgender Woman

I was raised in a strictly Orthodox Jewish community, where I was taught that being transgender was a sin. I spent many years trying to suppress my true identity, but eventually I could no longer deny who I was. I came out as transgender in 2015, and it was one of the most difficult decisions of my life. But it was also one of the most liberating. I am now living my life authentically, and I am happier than I have ever been.

My journey has been a long and winding road. I was born into a family of Orthodox rabbis, and I was expected to follow in my father's footsteps. I studied at a yeshiva, and I was ordained as a rabbi in 2004. For many years, I served as a rabbi in a small Orthodox community. I married a woman, and we had two children. But I always felt like something was missing. I knew that I was not living my true identity.

In 2015, I finally came to terms with the fact that I am transgender. It was a difficult decision, but it was the right one. I started hormone therapy, and I began to live as a woman. I came out to my family and friends, and I was met with love and support. I am now living my life authentically, and I am happier than I have ever been.

My journey has been challenging, but it has also been rewarding. I have learned a lot about myself and about the world. I have learned that it is important to be true to yourself, even when it is difficult. I have also learned that there are people who love and support me, no matter what.

I am sharing my story because I want to help others who may be struggling with their gender identity. I want them to know that they are not alone, and that there is hope. There are people who love and support them, and there are resources available to help them live their lives authentically.
