The Empire Corps traces its roots to the enigmatic figure known as "The Architect." A shadowy mastermind operating behind the scenes, The Architect envisioned a world order dominated by a select few. This elite group, composed of powerful individuals from the worlds of finance, politics, and industry, would manipulate global events to their own advantage.

To achieve this ambitious goal, the Empire Corps employs a vast network of operatives, agents, and front organizations. They infiltrate governments, control media outlets, and orchestrate geopolitical crises. Their ultimate aim is to maintain absolute control over society, ensuring the perpetuation of their own wealth and power.
